FOREWORD

This bibliography deals with various aspects of the topic of civil defense. This important subject is covered by a variety of publications held by the Morris Swett Library ranging from a microfilm collection of WWII London Times newspaper clippings to books and periodical articles covering various periods during this century.

Inclusion of an item, or omission, does not imply USAFAS indorsement or sanction of the compiler's point-of-view nor does it guarantee accuracy of content. Comment and criticism concerning this list is solicited.
